

## Million Cans Recycling Program

- [1] Select an elementary school in your community
- [2] Find a local scrap yard servicing the area
- [3] Roll-off bin is delivered to the school parking lot
- [4] Read *The Girl Who Recycled 1 Million Cans* to students
- [5] Students design boxes to collect metal
- [6] Students and the community collect metal for 1 month
- [7] Metal is picked up and weighed
- [8] Payment issued to the school for educational resources & field trips

**Together we can make recycling fun & easy!**
